INTRODUCTION

BID MANUAL

This manual will familiarize the potential bidder with (1) the United States Volleyball Association (USAV) d.b.a. USA Volleyball, (2) the requirements for hosting a USA Junior National Championships, and (3) the process for filing a *Bid Application*. Once a host/city has been awarded the event, this manual can be converted into a *basic planning and operating manual*. It can also be a valuable tool for the host in their planning efforts and subsequent program operation. It should be noted that while the term “city” is a frequent referral, the potential host is not limited to city government or specialized organizations.

BID APPLICATION

The *Bid Application* is the companion document to the *Bid Manual*. The application is in a questionnaire format and responds to the requests and requirements outlined in the *Bid Manual*. In addition to submittal of the Bid Application, prospective hosts are asked to attach other materials and information. These are important supplements to the total fact finding process USA Volleyball utilizes to make their best-informed decision.

The United States Olympic Committee (USOC) recognizes USA Volleyball as the National Governing Body (NGB) for the sport of volleyball in the United States. A primary function of the NGB is to conduct national events in its sport. One of these events for USA Volleyball is the Boys’ Junior National Championships (JNC). It is conducted annually and is held in different regions of the country each year.

USAV BOYS’ JUNIOR NATIONAL CHAMPIONSHIPS

In 2000, USA Volleyball conducted its 20th Junior National Championships. With this anniversary, USA Volleyball separated the Boys’ and Girls’ events. This manual is designed for use when bidding for the USA Volleyball Boys’ Junior National Championships.

Currently, the USA Volleyball Boys’ Junior National Championships is divided into three (3) categories of competition. The divisions are broken into Open, USA and Club Divisions. Within each division there are single age classification Championship Tournaments. The Open Divisions offer Tournaments for each age starting with 14 & under through 18 & under. The USA Divisions offer Tournaments for each age starting with 16 & under through 18 & under. The Club Divisions offer Tournaments for each age starting with 12 & under through 18 & under. The boys’ event is played in late June to early to mid-July. More than 2000 matches are played during the boys’ championships.

FEATURES

- 8 days of volleyball activity involving international, national and local volleyball communities.
- A forum to render important decisions relevant to the growth and development of grass roots, local programs, and national and international events.
- 11 National Championship Tournaments featuring the best indoor volleyball athletes in the country; each age division of 14 -18 & under hosts two levels of competition: Open and Club; with the 12 & 13 & under offering only Club. These young athletes are the future of USA Volleyball’s National Team programs.

A principal goal of site selection is to showcase the sport of volleyball in different regions of the country. It has been consistently demonstrated that local and regional volleyball activity has increased significantly following a USA Junior National Championships event. Other by-products are an increased awareness and better appreciation of volleyball in the local community.

Previous hosts are listed below. You will note the continued growth in the number of entries that have been realized. From 2005 to 2018, the event has realized a 25% growth in the number of entries.

Bidders are requested to submit a detailed CAD (.dwg) floor plan of all proposed venues, and/or all areas of the venue proposed for use which is provided as a CAD drawing on a jump drive or emailed as a zipped file. Even though a city may have hosted a USA Volleyball Championship event in a prior year, this submittal is required.

The Bid Application and all attachments, upon receipt, become the property of USA Volleyball, unless the bidder specifically requests a return of any portion of the submittal.

VENUE

The venue must have open and unobstructed floor space of at least 350,000 square feet. This area should be able to accommodate a minimum of 45 volleyball courts with space for portable bleacher seating and a raised platform championship desk.

COACHING EDUCATION

USAV requires one meeting room set up in classroom style to accommodate 30 persons. The room requires one (1) 6' skirted head table with three chairs, a public address system, podium and electrical.

USAV requires four (4) 8' x 30" tables, ten (10) chairs, a safe and electrical.

An approximate schedule for meeting room set-up and use can be found in [Appendix A](#) of this manual.

SPECTATOR ADMISSION

USAV will require an area or meeting room used for the sale of spectator admission with four (4) to six (6) windows, three (3) local phone lines for credit card machines, three (3) power outlets and a secure room (Comptroller room) with a floor safe that is in close proximity.

PARKING

- **Staff Parking at Venue:** Complimentary parking must be provided for all USAV staff vehicles for the duration of the event.

- **Staff Parking at Headquarters Hotels:** Complimentary hotel parking must be provided for staff vehicles if the distance from the venue requires ground transportation.

SECURITY

USAV will require security to cover access and egress to the venue. Security will also be responsible for monitoring doors and checking credentials. USAV requests a list of approved security companies from the venue.

CONCESSION STANDS

Concession stands and their use will be considered in the floor plan for easy access by spectators, tournament personnel and players. Concession stands should offer such fare as sandwiches, hot dogs, hamburgers, soft drinks, coffee, fruit, salads, pasta, ice cream, cold drinks, etc. For added success in sales, a healthy menu for participants is suggested.

USAV understands that all revenues fully accrue to the vendor consistent with in-place agreements with venue management. Hours should be established during competition days from 7:30 AM to 10:00 PM.

USAV requires the privilege of bringing outside food items into the venue for the purpose of feeding officials and event staff. Many of these persons work extended shifts and do not have the opportunity to visit the concession stands or outside restaurants and must “eat on the run.”

COMMUNICATIONS

The venue will supply information for installing outside telephone lines and internet in the following specific venue locations:

- Championship Desk (long distance and Internet access)
- Media Room (NO long distance access)
- USAV Exposition/sales area (a max of 10 credit card phone lines)
- Officials’ Room (NO long distance access)

Installation and service costs will be borne by USAV.

ADMISSION SALES/ENTRY-EXIT CONTROL

All admission sales and entry/exit control will be the responsibility of USAV. Prior agreement between the venue and USAV as to the extent and cost of routine security is required. Because of staffing and security requirements, the LOC will be asked to help secure temporary staff to help sell tickets, programs and tournament schedules under the supervision of USAV Staff. The security provider will be required to supply door monitors at pass gates for participants and spectators. In addition, pass gates will be monitored from 7:00 AM until 10:00 PM throughout the competition.

CHAPTER 5: HOUSING/HOTEL REQUIREMENTS

USAV will require hotel blocks to accommodate approximately 20,000-22,000 room nights during the event. This need should be met using as many hotels as possible with a wide range of cost and amenities in the area. Team Travel Source (TTS) will negotiate (with consultation with USAV) all hotel contracts. Please note the hotel contract terms needed to meet the housing/hotel requirements of USAV/TTS. Details on projected room night flow can be found in the Housing RFP documents provided with this manual.

All groups that are interested in meeting space need to be cleared by USAV prior to contracting meeting space.

IMPORTANT: CVB CONFIRMATION OF HOTEL CONCESSIONS

Securing the necessary hotel needs for staff and officials is an integral part of the bid process. In an effort to guarantee that the needed complimentary rooms at the HQ hotels will be made available to USAV, the CVB or bidding entity must sign the “Confirmation of Hotel Concession Form.” The form is included in this bid packet as an attachment and **MUST** be submitted with the city bid.

CHAPTER 6: HUMAN AND MATERIAL RESOURCES PROVIDED BY THE LOCAL ORGANIZING COMMITTEE

This section discusses requirements for the Host/City Local Organizing Committee (LOC) when hosting a USA Volleyball National Championship event. These components will be an integral part of the Agreement between USA Volleyball and the designated Host/City LOC. Because of the significant length of time between the bid process and the date of the event, some specifics may vary by the time the event is conducted. Prospective bidders must identify a partner organization capable of fulfilling these requirements if the bidding group cannot do so themselves. Identifying an LOC that is capable of producing the required results is paramount, and important to the bid.

After an acceptable venue has been identified, this is the second most important component of the bid that USAV will consider in their evaluation and deliberations.

HUMAN RESOURCES

- **HOST Pre- and Post-Event Support Staff** Requirements
 - Event Coordinator
 - Venue Coordinator
 - Publicity and Public Relations Chair
 - Coordinator, Sponsors/Contracts
- **HOST During Event Support Staffing** (requested not required)
 - Admission Monitors
 - Court Announcer
 - Security, police and door guards, merchandise sellers, ushers, and other auxiliary staff required by the venue.
 - Airport Ambassadors and/or Greeters for Airport and Registration arrivals
 - Equipment Committee Staff assistance
 - USAV prefers for assistance from the local Fire Department in filling of water barrels for the competition. If this is not possible, USAV requests complimentary water hook-ups at the competition venue on set-up days.
 - Maintenance Crews
 - 4-8 persons to clean the courts following competition each day
- **USAV Staff Requirements (Provided by USAV)**
 - **Independent Contractors**
 - Event Arbitrators (3)
 - Resolves conflicts and eligibility issues from the time teams arrive until they depart the city.
 - Officials (12)
 - Scorekeeper Monitors (12)
 - Equipment Committee Chair and Staff (8)
 - Championship (6)
 - Registration (6)
 - Awards (2-3)
 - All-Tournament (7)
 - Spectator pass sellers (4)
 - College Recruiter Resources (1)

LOC EQUIPMENT COMMITTEE

The LOC Equipment Committee will be made up of volunteers, local staffing and fundraising groups. USAV will budget funds to cover certain areas of set-up, teardown and floor maintenance during the event.

SET-UP AND TEARDOWN CREWS

These crews are needed for installing Sport Court tile. USAV strongly suggests contacting area organizations to be assigned a certain number of courts for both the set-up and teardown projects. USAV pays a fee of \$100.00 per court for set-up and \$50.00 per court for teardown. These fees will be paid at the conclusion of the event. USAV will require a written accounting for each group and the number of courts that are assigned and completed. This accounting will be the responsibility of the LOC.

Each set-up and teardown crew will be made up of one (1) supervisor and eight (8) to ten (10) persons. A crew of six (6) can install a Sport Court floor in approximately 45 to 60 minutes. Schedule coordination will be done with the USAV Equipment Chair. The USAV Events Department will arrange contact information three months prior to the start date with the LOC Equipment Coordinator. Following is an approximate schedule for set-up and teardown crews:

Day	Time Commitment	No. Crews
Set up Day #1	11:00 AM – 2:00 PM	Minimum of 6
	2:00 PM – 8:00 PM	Minimum of 6
Set up Day #2	8:00 AM – 2:00 PM	3 (if necessary)
	2:00 PM – 8:00 PM	0 (if all courts are installed)
Teardown on Last Day	TBD – 11:00 PM	Minimum of 6

MAINTENANCE CREWS

Maintenance crews will consist of four (4) to eight (8) persons, requiring one person per court to clean the floors. This too will be coordinated between the USAV Equipment Chair and the LOC Equipment Coordinator. USAV has a budget of \$1000 for floor mopping according to the following projected schedule:

Day	Time Commitment	No. Courts
Set up Day #3	9:00 PM – Finish	All
Competition Day #2	8:00 PM	All
Competition Day #4	8:00 PM	All
Competition Day #6	8:00 PM	All

PUBLICITY/PUBLIC RELATIONS

The LOC will assume primary responsibility for local public relations, assist USAV staff in preparing media packets, arrange for local media coverage, and prepare and release reports and competition results to local media and national wire services. The LOC will also arrange for local television spots and work with USAV event staff to feature human interest stories.

LOCAL PRINTING AND COPYING

The LOC will assist USAV in procuring bids for printing the event program and playing schedules and daily copying needs. Selling ad space in the program is another way for the LOC to achieve revenue from the event and one way to offset expenses for printing. The LOC will receive up to eight (8) full pages (black and white) for sponsorship advertising. All revenue from the sale of local program ads will be the sole ownership of the LOC.

Ads must be approved by USAV to ensure that conflicts with USAV national sponsors are not breached. High quality, timeliness and cost efficiency is of utmost importance to the championship Events Department. Please consider advertising space in USAV publications in exchange for some of the cost of printing.

Printing and copying specifications can be found in [Appendix D](#).

MATERIAL RESOURCES

Support assistance will be required in the areas listed below. References to some of these areas are also listed in other sections of this manual.

EVENT SIGNAGE

Proper signage is an important component for the event, as it controls access to restricted areas and directs pedestrian and participant traffic. Signs are needed to identify various rooms and areas in the venue, and to identify programs and activities. The LOC is responsible for the costs, production and posting of signs as required by USAV. Sample signs are "Team Registration," "Officials' Lounge," "Media Room," "Sports Medicine Center," "Championship Desk," "All-Tournament Selection Room," "Ticket Sales," "Ticketed Entrance," "Credential Pass Gate," etc. Final determination of necessary signage will be made by USAV in consultation with LOC personnel.

OFFICE SUPPLIES/MATERIALS

Office supplies are needed to carry out the tasks required by event personnel. USAV is responsible for the cost of supplies such as paper, pens, pencils, calculators, etc., but will need assistance from the LOC to procure these items if they are donated or discounted.

DECORATIONS/AWARDS CEREMONIES

These ceremonies will be under the direction of USAV Awards personnel.

SPONSOR SIGNAGE/PACKET MATERIALS/VIK

The LOC will assist in arranging to receive all materials shipped to the city prior to the event. The LOC can, with prior approval from USAV, sell sponsor signage, materials for player packets and exhibit booth space.

EQUIPMENT

The LOC will assist in coordinating equipment that is necessary to operate the event. A grid containing equipment needs can be found in [Appendix C](#). Please review the grid prior to completing the Bid Application. Some of the required equipment may be offset by sponsorship opportunities for the event. At a minimum, the LOC will be required to help submit requests for proposal to local vendors for equipment support.

CHAPTER 7: BID APPLICATION AND SITE SELECTION PROCEDURES

USA Volleyball (USAV) is currently receiving inquiries and formal bids from local and state government agencies and/or other organizations that are interested in hosting the USA Volleyball Boys' Junior National Championships event, in accordance with the provisions detailed in this Bid Manual. Bidders must follow the procedures listed in this manual unless an action initiated by USAV is necessary because of emergency circumstances.

REVIEW AND INSPECTION OF BID MANUAL/PRESUMPTION OF RESPONSIBILITY

It is imperative that the Bid Manual be reviewed thoroughly, and that the prospective host fully understands the responsibility under consideration.

It will be presumed by USAV that upon receipt of a formal bid, the bidder has read and fully understands the terms to which the bidder will agree and the responsibilities that the bidder is prepared to assume. This is especially important because these components will be included in the Agreement between the LOC and USA Volleyball.

BIDDING SCHEDULE

USAV is interested in confirming a host city for this event a minimum of two years in advance of the event. For the convenience of the bidder, a time schedule has been outlined in the section titled, "Host (City) Involvement" of this Bid Manual. This schedule is also replicated in the *Bid Application*. It is important that bidders conform to this schedule.

If the bidder is interested, USAV recommends that a bid be submitted for more than one given year as an option. The specific optional year(s) should be listed.

PRELIMINARY STEPS

Since you are reading this manual and application, you and your organization have indicated a preliminary interest in hosting a USA Volleyball Boys' Junior National Championships event. After reviewing the information, the next major decision is to determine your willingness to become a host. If you decide not to pursue this, we understand and ask that you keep volleyball in mind for a smaller or different event, or an exhibition with one of our National Teams.

If you have decided to move forward, the first step is to submit a letter of Intent to Bid with a projected date for completing the Bid Application. The second step is to complete the Bid Application. In addition to the information we are requesting, you may submit supplemental materials you feel will support and/or enhance your bid. We suggest formal proposals from the LOC, the venue(s) and all block hotels, support letters and letters of invitation from the organization/city and other dignitaries, LOC leadership, documentation of similar past ventures, etc..

PRE-BID PROCESSING

Nonconformance to the schedule (specified in the "Host (City) Involvement" section of this manual and duplicated in the *General Information* section of the *Bid Application*) and other requirements may jeopardize your bid.

If you need assistance with the Bid Application or have any questions about the information in this manual, be sure to contact the Events Director at USAV (listed below). Please do not hesitate to call!

It is important to both your organization and to USA Volleyball that you have a clear understanding of the requirements for hosting a USA Volleyball Boys' Junior National Championships event and what that entails.

A complete *Bid Application* is to be mailed & emailed to the following:

REVIEW OF BID

Each written bid will be reviewed and evaluated. If more information is needed and time permits, the bidder will be contacted and given the opportunity to submit additional information. When the bid appears to be complete, it will be evaluated and analyzed in detail. Those bids deemed to be in the best interests of USAV and the event will be scheduled for a “site evaluation” visit.

SITE EVALUATION VISIT

Following an assessment of the written bids, the USAV Site Selection Committee will coordinate a visit with prospective hosts. All expenses for this site evaluation will be borne by the prospective host committee. During that visit, the committee will visit and/or inspect the recommended venue(s) and hotels, and discuss the issues important to conducting the event. This will include, but not be limited to, housing rates, venue particulars in regard to competition and ancillary space requirements, LOC capability to provide support personnel, publicity and public relations potential and capabilities, and related matters.

The two to three persons on the USAV Site Selection Committee represent the major components of the event—the Events Director, Chair of the Championship Events Commissions, and representative from the USAV contracted Housing Company. In most cases, the site evaluation can be accomplished with two full workdays and three nights of lodging.

The USAV Events Director will coordinate details of the visit with the local bidder representative.

SITE SELECTION

After completing all site evaluation visits, the Site Selection Committee will analyze the merits of each prospective bidding organization. Based on their findings, they will submit their recommendation to the Executive Director and the Chair of the Championship Events Commission, who will make the final decision.

Once this decision has been made, the successful city will be notified verbally as soon as possible, followed with a formal written invitation to host the event. Upon full acceptance by both parties, other bidding cities will be sent a written notification of the award.

CONTRACTS AND AGREEMENTS

USAV wishes to finalize all contracts as soon as possible after the site has been awarded. Major contracts include:

1. Agreement with the Local Organizing Committee. (This agreement will be based on the amenities and staffing that the LOC proposes to USAV.)
2. Agreement with venue management for the playing site.
3. If appropriate, agreement with the local Convention and Visitors Bureau.

TTS housing service will secure and contract hotel agreements. USAV also reserves the right to submit all proposed agreements to its corporate attorney and insurance carrier for review, comment and direction prior to signature.

The signature blocks for all agreements are to have the following lines provided for USAV:

1. Recommend Approval/USAV Events Department
2. Approved/Chief Executive Officer

CONTRACT APPROVAL

The CEO of USA Volleyball must approve all contracts. Currently, no other agent of USA Volleyball is authorized to approve any contracts that commit USAV to a financial encumbrance.

USE OF NOMENCLATURE/USAV MARKS

Once the event has been assigned to a host city, the host may use certain and specified nomenclature and upon specific approval, the use of certain and specified USAV marks in conjunction with the promotion of the event. In all cases, approval must be obtained from the Secretary General prior to such use (see directory at end of Section).

PROMOTION AND PUBLICITY

Immediately after the event is awarded, the host city is requested to forward copies of all publicity relevant to the event, from time to time, to the Secretary General.

SITE VISITS

Following an assessment of the written bids, the USAV Site Selection Committee will coordinate a visit with prospective hosts. All expenses for this site evaluation will be borne by the prospective host committee. During that visit, the committee will visit and/or inspect the recommended venue(s) and

hotels, and discuss the issues important to conducting the event. This will include, but not be limited to, housing rates, venue particulars in regard to competition and ancillary space requirements, LOC capability to provide support personnel, publicity and public relations potential and capabilities, and related matters.

The two to three persons on the USAV Site Selection Committee represent the major components of the event—the competition area and housing. The committee members are the USAV Event Director or designee, the USAV Event Coordinator, representing the Corporation’s Board of Directors. In most cases, the site evaluation can be accomplished with two full workdays and three nights of lodging.

In all cases listed above, USAV will be responsible for roundtrip travel for all USAV committee personnel. As noted, the Headquarters Hotel should provide complimentary lodging.
