# TOURNAMENT FORMAT

## MAIN DRAW

Thirty-two (32) teams – MAIN DRAW playing in 8 pools of 4 teams in each pool (Round Robin system). The best 3 ranked teams in each pool (a total of 24 teams) will advance to the next phase of Single Elimination. Twenty four (24) teams will proceed to the single elimination phase which will be played until the bronze and gold medal matches.

\*Teams from the same university, if possible, shall not be placed in the same pool. The 2nd, 3rd, 4th and any other eventual university teams) will have their seed increased (for example from Seed #15 to Seed #16) until they are in a different pool than the other team from their university. Should increasing the seed not work (or not be possible) then the seed is reduced (for example from Seed #32 to Seed 31) until the teams from the same university are in a different pool.

## DRAW FORMAT

The Drawing of Lots procedure (for the single elimination phase):

- ★ The top three ranked teams from each pool, will advance to the final phase.
- ★ A1 or B1 are decided by best ratio (wins, sets, points\*) – highest ratio match #9, lowest ratio match #16
- ★ C1 or D1 are decided by best ratio (wins, sets, points\*) – highest ratio match #13, lowest ratio match #12
- ★ Draw 1 = E1 + F1 + G1 + H1
- ★ Draw 2 = 4 x 2<sup>nd</sup> place teams from pool play with best ratio (match points, set ratio, rally point ratio, and if a tie still exists in rally point ratio, a draw will be conducted to break the tie)
- ★ Draw 3 = 4 x 2<sup>nd</sup> place teams from pool play with worst ratio (match points, set ratio, rally point ratio, and if a tie still exists in rally point ratio, a draw will be conducted to break the tie)
- ★ Draw 4 = 4 x 3<sup>rd</sup> place teams from pool play with best ratio (match points, set ratio, rally point ratio, and if a tie still exists in rally point ratio, a draw will be conducted to break the tie)
- ★ Draw 5 = 4 x 3<sup>rd</sup> place teams from pool play with worst ratio (match points, set ratio, rally point ratio, and if a tie still exists in rally point ratio, a draw will be conducted to break the tie)

\* In the first two rounds teams from the same pool can't meet e.g. If Match #9 = B1 vs Winner of Match #1 then Match #1 can't have a team from Pool B

\* Points earned from a forfeit don't count in this ratio (The matches won, and sets won do count)

Requests made after or at the same moment of the 1st Referee’s whistle for service, or requests made after the pair has exhausted its time outs in that set, will be regarded as improper requests. Should resumption of the game be delayed by this, the pair will be sanctioned for delay.
- ★ During a medical time out, only players may warm up in the playing area.
- ★ Specific Regulations and Sanctions will be followed from the FIVB Age Group Beach Volleyball Handbook. Regulations regarding athletes can be found in [Section 7](#).

Any athlete confirmed to compete in the USAV Men's Beach Collegiate Challenge may be removed as a competitor for any of the following reasons, as determined by USAV:

- ★ Injury or illness as certified by a board-licensed physician or medical staff approved by USAV. If an athlete refuses verification of his/her illness or injury by a physician, or medical staff approved by USAV, his/her illness or injury will be assumed to be disabling and he/she may be removed.

- ★ All discontinued matches or matches that have not started are to be assessed by the Technical Delegate to determine if the losing pair is marked as Disqualification (DSQ) or Disqualification by Injury (INJ/DSQ).
  - If a pair is disqualified during pool play due to a positive doping test, it will lose all the matches in the pool (played or to be played) by forfeit (see above). It will receive no rank. All of the pair's matches in the Pool will be recorded as a forfeit for ranking purposes.
  - If a pair is disqualified after the pool play (after the Drawing of Lots) of the tournament due to a positive doping test, it will lose the last pool matches played by forfeit (see above). If the single-elimination phase has already started and if they have not played yet they forfeit their match and the opponent will be then moved to the next round. The final pool ranking will be maintained. If the pair already played its match and won the match, the match result will not be changed and this pair will forfeit the next round.

However, if a pair is disqualified from the tournament due to a positive doping test after the conclusion of the drawing of lots but before the commencement of the first match of the single-elimination phase, they will be replaced in the draw directly by the 4th ranked pair in its pool.
