CONTINUING INTO 2026:

Please note that registration for certain divisions will **NOT** be enabled at the time of registration (Division list on the website)

In order for the listed division to be enabled for registration, a **MINIMUM OF FIVE** teams must request entry into their desired division(s). Please email opens@usav.org to request your division.

Create a Club

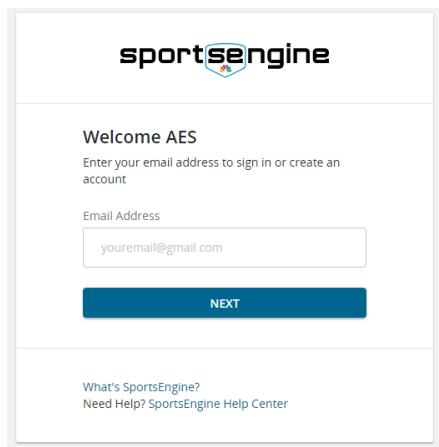

PLEASE NOTE: If you are already affiliated with junior level club in an admin or tournament director role or have been an admin from an adult team in previous years, email membership@usav.org to get a team created!

Logging into AES/Sportsengine:

1. Go to the Adult Opens AES Registration Website: [2026 Adult Open National Championship - AES](https://www.advancedeventsystems.com/support)
2. Click on Sign In in the upper right-hand corner of the page, and then enter in your email address and then password on the next page add your SportsEngine account to AES

Note: SportsEngine owns AES, so you will use the same login information between SportsEngine (used for purchasing your membership) and AES (used for your event registration)

- Having issues logging in?
 - Use the Forgot Password tool to have your password emailed to you.
 - Use the Forgot Username tool if you are unable to remember your username.
 - Still having issues logging on? Please contact AES Technical Support:
<https://www.advancedeventsystems.com/support>

Please reach out to membership@usav.org with any issues throughout the registration process!

Instructions for Registering for USAV Adult Opens Through AES

Once logged in, you will create your club name and will select which region you are associated with:

Club Name *
Club Name
USAV Region
Not Affiliated
AAU District
Not Affiliated

Club Code *
Unique 5 Letter Club Code

Continue

3. Make sure to select that you are creating an adult club, junior club designations will not allow registration for the Adult Open championships.
4. Click continue to fill out your club's information, then click Create Club once complete.

TIPS:

- If you are unsure of which region you are a part of, use the USAV Regions website for assistance: USAVREGIONS.ORG - Home
If you are still unsure, please contact opens@usav.org for more assistance.
- You will be asked to enter a Club Code which is a 5 alpha code that can be anything, but is usually an abbreviation of your club name.
Example: If my team name is "Colorado Avs", I would make my team code "COAVS"
- If you receive a message stating the Club Code is already in use, please contact AES Support as it is likely your club already exists. AES support can help check to see if your club already exists in the system.
(<https://www.advancedeventsystems.com/support>)
- If your club already exists in AES, make sure you are logged into the correct account for your administrative access. If you don't have access, you will need to request access from a current administrator.

You can now create a team for the event!

- Steps on how to create a team continue onto the next page

Create a Team

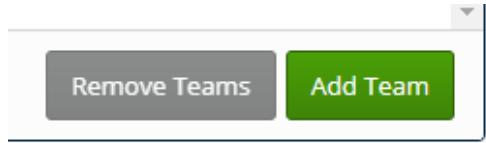

Before you register, you will need to create a team within your club account in AES.

Click on the “Teams” button from the left-hand navigation bar:

The screenshot shows the 'Club Details' page in the AES interface. On the left, a navigation bar lists 'CLUB DETAILS' (Info, Teams, Events, Members, Data Management), 'EVENTS' (My Events, Register), and 'DATA MANAGEMENT' (Import, Export). The 'Teams' button is highlighted with a red box. The main area shows a success message: 'Success! Club ADPTS created.' Below this are fields for 'Name' (Club Name: 'AdultPlayerTest'), 'Club Short Name' (description: 'Short club name used for automatic team naming.'), and 'Club Code' (Club Code: 'ADPTS').

Click on the “Add team” button on the bottom right of the screen:

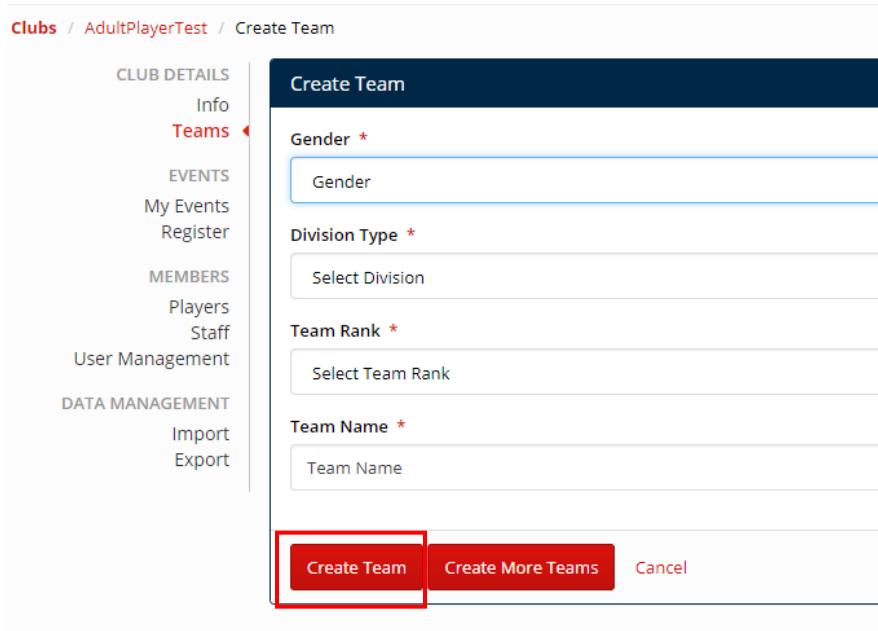

The screenshot shows a button labeled 'Add Team' in a green box, located at the bottom right of a list of teams. A 'Remove Teams' button is also visible to the left.

Please reach out to membership@usav.org with any issues throughout the registration process!

TIPS:

- Team Rank is the rank within your club for teams **WITHIN** your club.
 - If you only have 1 team in an age group, then the rank will always be 1. If you have three teams, the best team is ranked 1, and the third team will be 3.
- If you are seeing only division types that end in “& Under” it is likely you are creating a team in a junior designated club in AES. You will need to create an adult club for your adult teams.
- If you have more than one team in your club, please continue to add teams as needed.

Click on the “Register Teams” button:

The screenshot shows the 'Register Teams' page for the 2019 USAV Open National Championships. The left sidebar includes 'Clubs / AdultPlayer/Test / Registrations / 2019 USAV Open National Championships / Register Teams'. The main content area has a 'Register Teams' header and a table with columns: Registration, Name, Division, Code, and Rank. A red box highlights the 'Select Division' button in the first row of the table, which is for a team named 'Mens Team 1' in Division 'A'.

- You will then see the teams that are eligible to play in this tournament
 - Teams will be eligible once the “Create a Team” step has been completed either by making a new team OR if you have made a team in previous years it will also show up here

Click on the “Select Division” red button:

The screenshot shows the 'Register Teams' page with the 'Select Division' step highlighted. The left sidebar includes 'REGISTRATION / Register Teams / My Teams'. The main content area has a 'Register Teams' header and a table with columns: Registration, Name, and Division. A red box highlights the 'Select Division' button in the first row of the table, which is for a team named 'Women's A Test' in Division 'A'. Below the table, a message says 'Select a division for one or more teams to continue.' with 'Register' and 'Cancel' buttons.

This is where you are able to elect the division you would like your team to participate in.

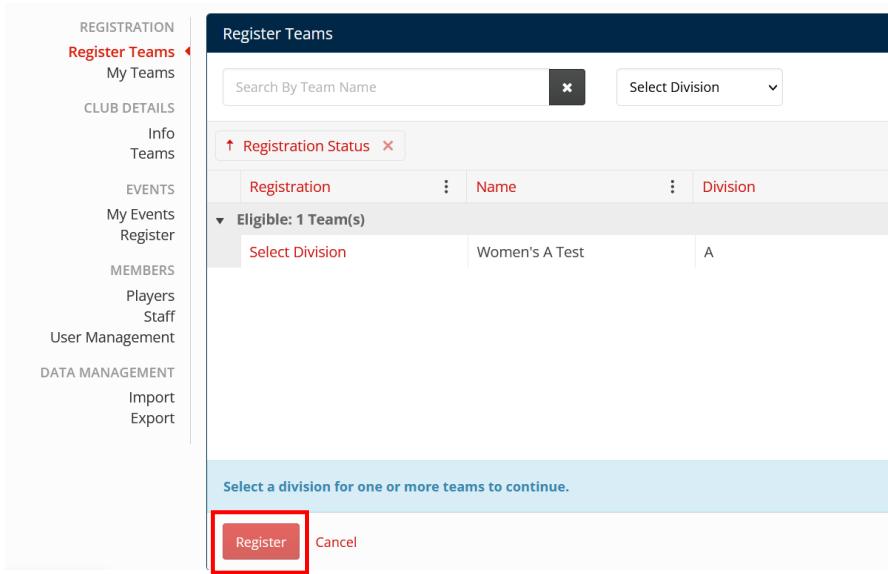

IMPORTANT: Building a team roster is not required to register, but is required to be accepted, so after the step is completed to select a division, you are able to continue with or without building your team roster.

Note: If you have already added all of your players to the club using the steps included later in this document, you can select to build your team roster. If you do not have the required 6 players, please continue without team roster. You will have the chance to go back and build a roster later.

Adding Players:

TIPS: For adding players to your team roster, you must first add them to your club using the steps below. This allows for AES to verify that these athletes have the correct, verified “Adult Player” membership.

IMPORTANT: If you skip the step of adding the player to the club before the team, then they will not pop up on your roster, so it is important to follow the steps below either in the “[Add Existing USAV Coaches/Participants to Your Club](#)” directions” or the “[Add New Members to Club](#)” instructions

These are two ways to add players to your club and team roster:

Option 1: Are players on your team currently registered to coach or play with a different team? (E.g. Coaching for a junior club) If a player on your team is also coaching for a club, they may already be entered into the AES system. Add them to your club using the [Add Existing USAV Coaches/Participants to Your Club](#) directions.

IMPORTANT:

If you are unsure if they are affiliated with a junior level club, then reach out to membership@usav.org . This will avoid creating duplicates within the system.

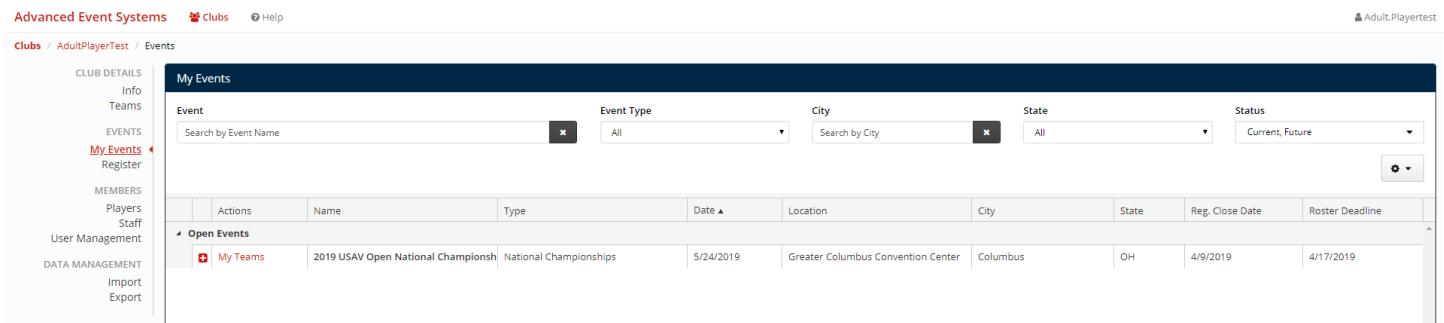

Option 2: If your players don’t already exist in AES, you can use the [Add New Members to Club](#) instructions

Please reach out to membership@usav.org with any issues throughout the registration process!

NOTES:

- You will notice if a player’s account has been verified through USAV, there will be a green check mark next to the USAV number. This means the name, DOB and USAV membership number match, and the player has a current membership, and is compliant.
 - Please note: This information will not verify if any of the information listed above is incorrect as it must match their SportsEngine information.
Example: If your teammate’s nickname is Josie, but her full name is “Josalyn”, please verify with the athlete or use the membership card information from the previous page to ensure that all information matches.
- All of the athletes USAV numbers will need to be verified before the roster deadline for the event in order for your team to be compliant.
